Professional Summary

MERN Stack Developer with hands-on experience in building full stack web applications using MongoDB, Express.js, React.js, and Node.js. Skilled in JavaScript, REST APIs, responsive UI development, and database management. Built projects like healthcare dashboard and CRUD applications with focus on performance and user experience. Strong understanding of OOP concepts, problem-solving, and web development fundamentals. Actively seeking opportunities as a Full Stack Developer to contribute and grow in a dynamic development environment.

Technical Skills

Languages: JavaScript, MySQL
Backend: Node.js, Express.js, REST APIs, JWT Authentication
Frontend: React.js, HTML, CSS, JavaScript
Databases: MongoDB, MySQL
Tools: Git, GitHub, Postman,

Experience

Frontend Developer

Jun 2023 – Sep 2023

Sunground Technology, Raigarh, Chhattisgarh

- Developed responsive websites using HTML, CSS, and JavaScript as part of internship training projects.
- Implemented basic UI components and interactive features using JavaScript.
- Worked on simple web pages and learned core frontend development concepts.
- Improved understanding of DOM manipulation, responsive design, and website structure.

Projects

E-Commerce Web Application

React.js, Node.js, MongoDB, JWT

GitHub

- Developed a full-stack e-commerce web application with user authentication, product management, and cart functionality.
- Built and tested 15+ REST APIs for features such as login, signup, product listing, and order management.
- Implemented JWT-based authentication for secure user login and protected routes.
- Used Postman to test and validate APIs ensuring proper request-response flow.
- Performed CRUD operations for managing products and user data using MongoDB.
- Designed responsive UI using React.js for smooth user experience across devices.

Daisy Décor India

HTML, CSS, JavaScript

GitHub-<https://daisydecorindia.com/>

- Developed a responsive static website for a decor/business landing page using HTML, CSS, and JavaScript.
- Designed modern UI sections including homepage, services, and contact layout with responsive design.
- Implemented interactive elements and optimized layout for mobile and desktop devices.

Achievements

- Built multiple full-stack web applications using MERN stack (MongoDB, Express.js, React.js, Node.js) including e-commerce and authentication systems.
- Implemented user authentication and authorization features using JWT in project-based applications.
- Developed RESTful APIs and integrated frontend with backend for seamless data flow in React-based applications.
- Worked on CRUD operations with MongoDB for managing dynamic application data efficiently.
- Strengthened problem-solving and debugging skills through hands-on project development and API testing using Postman.

Education

MASTER OF COMPUTER APPLICATION -MCA
Biju Patnaik University of Technology, Rourkela

2023 – 2025
CGPA: 8.0/10
